

## ENVIRONMENTAL MANAGEMENT AND BEHAVIOR POLICY

In Nea Comunicación we have both implemented an integrated a system of both quality and environmental management based on international standards ISO 9001: 2015 and ISO 14001: 2015.

Our management policy is the following:

*"In **Nea Comunicación, S.L.**, from now on **Neabranding**, we understand the excellence in the management as the improvement of the satisfaction of our clients and of our environmental behavior. To achieve this objective, we have implemented an integrated a both quality and environmental management system, based on UNE - EN ISO 9001: 2015 and UNE - EN ISO 14001: 2015 standards, in our activities: **"Supply and installation of signage elements"**.*

*Our Management Policy is based on the following guidelines:*

- + Achieve the greatest **client's satisfaction** in our activities of supplying signage elements.*
- + **Strictly comply with the requirements** of our clients, legal wise, related to our services and our environmental behavior; our both internal requirements and volunteers defined in our management system.*
- + **Continuous improvement** of our supply and installation processes, as well as of our environmental behavior and all the processes that are developed within the framework of our management system.*
- + **Protection of the environment, including pollution-prevention**, reducing the negative impact and increasing the positive impact of our services.*

*This policy is reflected in the management objectives and will be carried out through the development of the compliance plan.*

Regarding our environmental impact, the main aspects that we have identified and in which we have mainly implemented control and improvement guidelines are the following:

- Power consumption
- Water consumption
- Paper consumption
- Consumption of printing inks
- Waste generated in the realization of our facilities
- Fuel consumption for transport
- Emissions in transport.

If you want to know the results of our efforts in the environmental field, please feel free to contact our organization to request further information which you might find appropriate.
